CAUSE

This officer requested the electronic monitoring condition at the time of the bail investigation to address risk of flight/nonappearance issues because of the defendant's strained relationship with his parents combined with his request to reside with them if released from custody. The condition included both G.P.S. monitoring and a curfew requirement. The defendant has complied with his release requirements and is doing well. He has resided with his parents as required. He has obtained employment for a fence company recently and that work may take him out of the area periodically for overnight stays. Based upon the defendant's adjustment, this officer believes the electronic monitoring condition is no longer necessary to address risk of flight/nonappearance. I respectfully recommend the condition be removed.

Respectfully submitted,

by

James A. Moon
U.S. Probation Officer
Dated: June 8, 2012

THE COURT ORDERS:

☒ The above modification of conditions of release is ordered, to be effective on 6/12/12.
